

Carefully created & sourced by Johanna Richter, Lady of Wine & Wife

We are very spoilt to live in a city with diversity being portrayed in many different ways and expressions.

This is something The LivingRoom's philosophy embraces and reflects in wine, food, music & art.

As our main focus lies on sustainability and local produce, we want to support like-mindedness.

A lot of love and passion flows into what we do, therefore we focus on smaller wine makers and producers, that have the same passion and share our thoughts on sustainability or the ecological footprint they leave.

Whether you are a traditional or experimental wine drinker, we are confident you will find something suitable to your liking.

WHAT TO FIND WHERE.
